 Most of the English roses are considered to be fragrant

Always remember, fragrance is an individualistic trait and a rose that is very fragrant to one individual may not be deemed fragrant by another, so nothing is better than an in the garden test smelling. The best way to select fragrant roses is to visit gardens with your nose and a notebook to write what your nose liked.

Color Codes, w-white, ly-light yellow, my-medium yellow, dy-dark yellow, yb-yellow blend, ab-apricot blend, or-orange red, op-orange pink, mr-medium red, dr-dark red, rb-red blend, lp-light pink, mp-medium pink, dp-deep pink, pb-pink blend, and m-mauve * Roses that Made Rich's top 10 for beauty, fragrance and disease resistance.
